“Two of our kids have preexisting conditions. They’ve had to fight to get healthy and stay healthy. No one should be denied health care because of a preexisting condition.

**THAT’S WHY WE NEED
MEDICARE FOR ALL.”**

—Andy Levin, Democrat for Congress, Michigan's 9th District

FOR U.S. CONGRESS

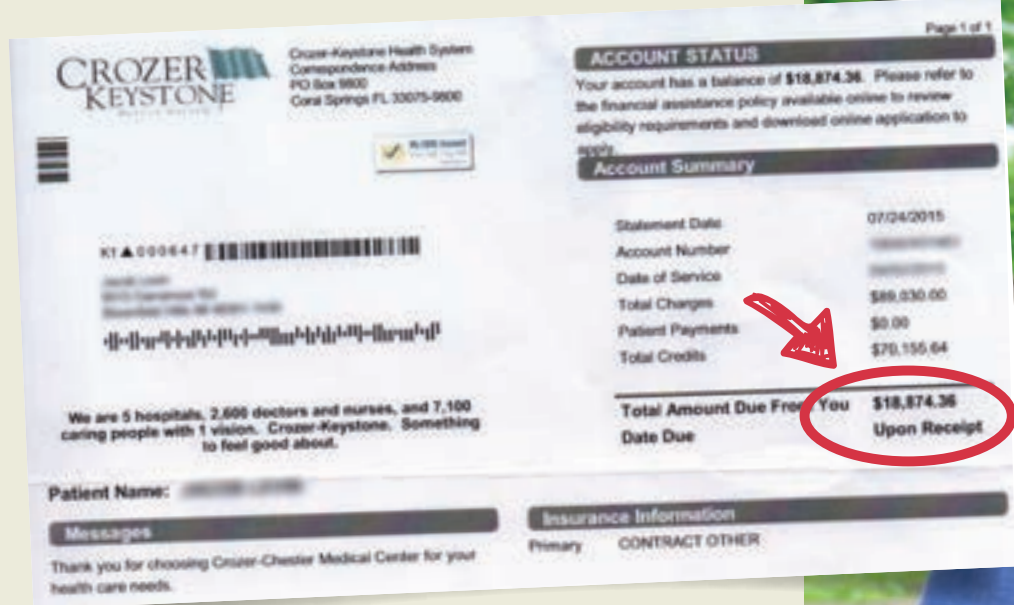

“As parents, our number one job is protecting our children. When two of our kids developed chronic illnesses, we were devastated.”

The fear that children will not receive the care they need due to a lack of money or insurance coverage is something no parent should face.

Andy and Mary were lucky. Thanks to good insurance, they were able to afford their kids' treatments, which cost thousands of dollars.

Andy Levin is running for Congress because no parents should have to worry about how they are going to pay for their children's health care.

Andy will fight for Medicare for All, and he won't back down.

An actual medical bill for Andy and Mary's son.

ANDY'S PROGRESSIVE PLAN FOR MICHIGAN:

Medicare for All

As a father of two children with Crohn's disease, Andy knows that all families need access to quality, affordable health care and prescription drugs. Andy will fight for Medicare for All so all Americans have the medical care they need.

Better and Safer Schools

Andy is standing up to the NRA. He'll fight for stronger gun safety laws, because he doesn't want any parents to fear sending their child to school. He will also fight for universal, quality public education, from pre-K through 12th grade, and bring our schools under local control with well-paid and respected teachers.

Equal Pay for Equal Work

Andy will help build a movement to unite all people around the need for equal rights, freedom, and opportunity. This includes fighting to ensure equal pay for equal work, cracking down on sexual harassment, expanding paid family and sick leave, and guaranteeing access to affordable child care.
