We've Had It With Rising Prices— And So Has Maura Hirschauer!

Groceries... Gas... Child Care... Health Care...

Everything costs too much these days because greedy corporations are rigging the rules and ripping us off!

That's why Maura **cracked down on businesses charging junk fees. And she stopped insurance corporations from hiking our rates for no reason and from selling junk health plans.**

She also **eliminated the grocery tax AND passed a new child tax credit.**

THAT'S the kind of leadership we need in Springfield.

Let's keep Maura working for US!
